**Give the world  
the once over**

**L**ISTEN, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW your Uncle Sam is calling. "Shove off!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—sails the Seven Seas—squints at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

## COULD HARDLY STAND ALONE

**Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.**

Gonzales, Tex.—Mrs. Minnie Phillips, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days ... I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go. I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today.

## NOT SICK AND NOT WELL

**In The Peculiar Situation Described,  
ZIRON Iron Tonic Is Found Helpful.**

It often happens that the organs of your body do not function properly, for some reason or other. There is nothing really wrong, and you are not sick. But certainly you are not well, either.

If you are in such a condition, read what Mr. Wm. M. Bass, Rt. 1, Crossville, Ala., did, and try Ziron Iron Tonic, as he did. Mr. Bass says:

"I am nearly always pretty well and strong and do not need much medicine excepting for headaches. But, recently, when I had not been feeling very well for a while, I knew I needed some sort of medicine to make me all right."

I took Ziron and it made me strong and well again."

Ziron puts iron into the blood, and, by doing this, may prevent a serious attack of illness, which you are liable to "catch" at any time if your system is weakened or your condition below par.

Ziron has well proven its value as a tonic. Try it when you feel the least bit out of sorts, not quite as good as usual, tired and weary.

Your druggist sells Ziron on a money-back guarantee.
